Re: Tour de' Lis – Annual Bike Ride – April 5, 2008

Dear Sidney:

I wanted to take a moment to thank you for helping us out with our Tour de' Lis bike ride to benefit cancer research. Unfortunately, because of inclement weather, the ride was officially cancelled. A number of people did show up for the festivities none the less.

We were able to raise \$160,000 for the Louisiana Tour de' Lis, the Cancer Association of New Orleans and Planet Cancer. Your support and assistance contributed greatly to our success and we thank you very much.

Everyone is looking forward to next year's event and expanding our fundraising goals for this worthwhile cause.

Sincerely,

Doug Thornton
SMG Regional Vice President
